Quality You Trust. Technology You Need.
Roti Machines for the Next Generation.

ABOUT US

JK'S Engineering Works (India) is a trusted name in the world of **Automatic Roti/Chapati Machine & Other Food Machinery Manufacturing & Exporting**. With decades of engineering excellence, we specialize in designing, developing, and **exporting** high-performance food processing machinery that delivers Highest quality, consistency, and productivity.

As one of the **leading manufacturers and global exporters**, we provide fully automatic, semi-automatic, and commercial-grade roti/chapati and other food machinery crafted with precision, innovation, and reliability. Our machines are engineered to meet the highest hygiene standards and ensure continuous, hassle-free production for industries of all sizes.

With a strong focus on **R&D, innovation, and customer-centric engineering**, we develop machines that reduce labour cost, increase production speed, and maintain authentic taste with cooking. Our machines are built using high-grade stainless steel, advanced heating systems, intelligent control panels, and long-lasting components to ensure consistent performance even under heavy-duty usage.

We export our machinery to countries across **Asia, Africa, Europe, Middle East, and North America, South America** proudly representing India's engineering capabilities on the global stage.

We deliver performance, trust, and long-term value.

**15+ Years of
Experience**

**Dedicated
Support Team**

**Experienced
R & D Department**

**Large Production
Capacity**

**Large
Product Line**

**Good Financial
Position & TQM**

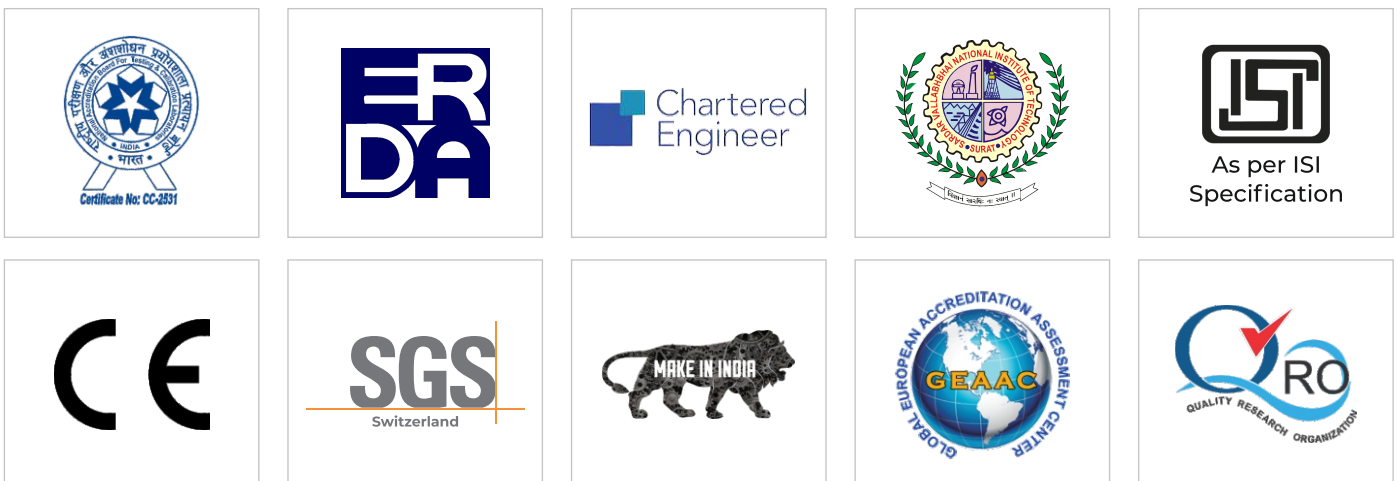

Our Company Certified At

A Globally recognized and prestigious certified company accredited across multiple National and international standards, including Quality Management (GEAC), Energy Management (QRO), HACCP (IQCS USA), Environmental Management (IAF), Good Manufacturing Practice (UKAC UK), Occupational Health & Safety (E.G.A.C.), Hazardous Substances Compliance (UKAC UK) — ensuring world-class quality, safety, and excellence in every process.

Our Products Certified At

Our machines are tested and certified by premier national and international authorities, including BIS/ISI Labs, NABL Calibration Labs, Electrical Research & Development Association (ERDA), National Institute of Technologies (India), Institute of India Chartered Engineers, Quality Calibration Centres, and European Conformity Certification from Global Euro Accreditation Centre, ISAR (SGS- Switzerland)— ensuring unmatched precision, safety, performance, and global standards.

Machine (JK-1312)

Machine Specification

Machine Capacity	: Upto 1050 Pc/Hour
Size Of Roti / Chapati	: 2 Inch To 9 Inch (Adjustable)
Thickness Of Roti / Chapati	: 1 mm to 8 mm (Adjustable)
Power Consumption	: 1.8 Unit/Hour (Approx.)
Gas Consumption	: 1.8 Kg/ Hr (Approx.)
All Contact Parts & Covers	: SS 304
Roti Baking Conveyor	: SS 304
Electric Motor	: Crompton / Godrej / V-Guard / Other ISI Brand
Electric Wire	: Polycab Or RR Cable
Electric Parts	: Schneider/ Siemens
Electric Safety	: Emergency Stop Button
Gear Box	: Worm Type (Made In Italy)
Bearing Type	: SKF
Safety Features	: Yes Installed (As Per GE Standard)
Machine Movable	: Yes (4" Castor Wheel With Brakes)
Machine Dimension	: 66x30x56 Inches
Machine Weight	: 440 kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

Machine Can Make

Roti-Chapati

Pita Bread

Tortilla

Arabic Kuboos

Machine (JK-0202)

Machine Specification

Machine Capacity	: Upto 600 Pc/Hour
Size Of Roti / Chapati	: 2 Inch To 8 Inch (Adjustable)
Thickness Of Roti / Chapati	: 1 mm to 8 mm (Adjustable)
Power Consumption	: 1.5 Unit/Hour (Approx.)
Gas Consumption	: 1.5 Kg/ Hr (Approx.)
All Contact Parts & Covers	: SS 304
Roti Baking Conveyor	: SS 304
Electric Motor	: Crompton / Godrej / V-Guard / Other ISI Brand
Electric Wire	: Polycab Or RR Cable
Electric Parts	: Schneider/ Siemens
Electric Safety	: Emergency Stop Button
Gear Box	: Worm Type (Made In Italy)
Bearing Type	: SKF
Safety Features	: Yes Installed (As Per GE Standard)
Machine Movable	: Yes (4" Castor Wheel With Brakes)
Machine Dimension	: 51x26x51 Inches
Machine Weight	: 270 kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

Machine Can Make

Roti-Chapati

Pita Bread

Tortilla

Arabic Kuboos

Machine (JK-0407)

Machine Specification

Machine Capacity	Upto 1050 Pc/Hour
Size Of Roti/Chapati	2 Inch To 9 Inch (Adjustable)
Thickness Of Roti/Chapati	1mm To 8mm (Adjustable)
Electric Consumption	1.5 Unit /Hour (Approx.)
All Contact Parts & Covers	SS 304
Electric Motor	Crompton / Godrej / V-Guard / Other ISI Brand
Electric Wire	Polycab Or RR Cable
Electric Parts	Schneider/ Siemens
Electric Safety	Emergency Stop Button
Gear Box	Worm Type (Made In Italy)
Bearing Type	SKF
Safety Features	Yes Installed (As Per GE Standard)
Machine Dimension	25x13x 22 Inch
Machine Weight	75 Kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

Machine Can Make

Roti-Chapati

Pita Bread

Tortilla

Arabic Kuboos

Roti/Chapati Pressing Machine

With Roasting Unit (JK-2001)

Machine Specification

Machine Capacity	Upto 1050 Pc/Hour
Size Of Roti/Chapati	2 Inch To 9 Inch (Adjustable)
Thickness Of Roti/Chapati	1mm To 8mm (Adjustable)
Electric Consumption	1.5 Unit /Hour (Approx.)
All Contact Parts & Covers	SS 304
Electric Motor	Crompton / Godrej / V-Guard / Other ISI Brand
Electric Wire	Polycab Or RR Cable
Electric Parts	Schneider/ Siemens
Electric Safety	Emergency Stop Button
Gear Box	Worm Type (Made In Italy)
Bearing Type	SKF
Safety Features	Yes Installed (As Per GE Standard)
Machine Dimension	61x24x 46 Inch
Machine Weight	130 Kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

Machine Can Make

Roti-Chapati

Pita Bread

Tortilla

Arabic Kuboos

Divider Machine (JK-1107)

Machine Specification

Machine Capacity	: 2000 Pc/Hour
Size Of Dough Ball	: 20 Gm To 80 Gm (Adjustable)
All Contact Parts & Covers	: SS 304
Electric Safety	: Emergency Stop Button
Safety Features	: Yes Installed (As Per GE Standard)
Electric Motor	: Crompton / Godrej / V-Guard / Other ISI Brand
Electric Wire	: Poly Cab Or RR Cable
Machine Dimension	: 26x18x27 Inch
Machine Weight	: 60 Kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

Machine Specification

Machine Capacity	5Kg To 50Kg Different Models
Cycle Time	4 To 5 Minutes Fixed
Electric Consumption	1 Unit/Hour (Approx.)
All Contact Parts & Covers	SS 304
Electric Motor	Crompton / Godrej / V-Guard/Other ISI Brand
Electric Wire	Polycab Or RR Cable
Electric Parts	Schneider/ Siemens
Electric Safety	Emergency Stop Button
Safety Features	Yes Installed (As Per GE Standard)
Machine Dimension	36x19x32 Inch
Machine Weight	110 Kg.

Machine Features

- » Durable
- » Easy to Operate
- » Easy to Clean
- » Corrosion Resistant

From India To Global Kitchens

An ISO 9001:2015, 45001:2018, 14001:2015, 50001:2018 Quality Management
Certified Company At Global Euro Accreditation Centre.
